

GUARDRAIL SOLUTION

KAYDEESAYFA.CO.UK

KaydeeSayfa are able to offer a range of permanent or temporary guardrail solutions for any large scale construction project. Utilising our +35 years of industry experience, our team are able to provide on time & on budget project delivery. Our expansive supply chain network enables our team to meet your project's unique specification and design needs without compromise on a large scale.

Guardrail provides a collective fall protection solution, to allow operatives to move freely around the roof space without the need for individual fall restraint systems. Guardrail is ideal for areas which require frequent access by multiple operatives or by the general public.
