

Abseil Davit System at Liverpool Street, London

ABSEIL DAVIT SOLUTION

KAYDEESAYFA.CO.UK

KaydeeSayfa are able to offer a range of davit arm & base solutions, for any large scale construction project. Utilising our +35 years of industry experience, our team are able to provide on time & on budget project delivery. Our expansive supply chain network enables our team to meet your project's unique specification and design needs without compromise on a large scale.

Davit systems provide a versatile and robust solution for general abseil and facade access. The system typically consists of a davit arm and davit base which provides suitable clearance over a building's balustrade. This system allows safe access for teams performing cleaning/maintenance at height or lifting and lowering goods/materials.
