# A PROVEN SUBCONTRACTOR FOR MULTIPLE PACKAGES

At KaydeeSayfa we work in close partnership with you and your project management team.

We're a proven sub-contractor with extensive experience in the sourcing, design and installation of specialist construction packages. Our combined team of experts help deliver your project in an efficient and cost-effective way.

## SOURCING

## DESIGN

## INSTALL

Thinking ahead sits at the core of KaydeeSayfa. We understand that time is the most valuable asset during a construction project, but it is the most difficult to manage. That is why from day one, "Think Ahead" governs every step of our employee training and development.

Our approach to each project involves meticulous planning, leveraging each element in our proposition to ensure your project is delivered on time, on budget and beyond expectations.

## WHY KAYDEESAYFA?

With KaydeeSayfa you get the advantage of dealing with one company, one contract for multiple specialist construction packages.

You also get access to a proven supply chain that extends across the world. KaydeeSayfa have partnered with innovative and reliable suppliers over the past 35 years to bring our customers the quality solutions that meet their building specifications.

We have worked together with UK's leading contractors since 1985 - Our experience in project management and

installation will ensure your project is completed to specification, on time and on budget. Over the years we have delivered over 3,000 projects - with our largest and most complex project worth over £2.2 million.

When on-site performance is everything, you can trust us to deliver safely, efficiently and profitably.

Speak to a member of our team to find out more information on our services and how to add us to your supply chain. Give us a call on 01509 502 155 or email us on [enquiries@kaydeesayfa.co.uk](mailto:enquiries@kaydeesayfa.co.uk)
